Evergreen Website Content Architecture

2011-08-31

Display of Website Content

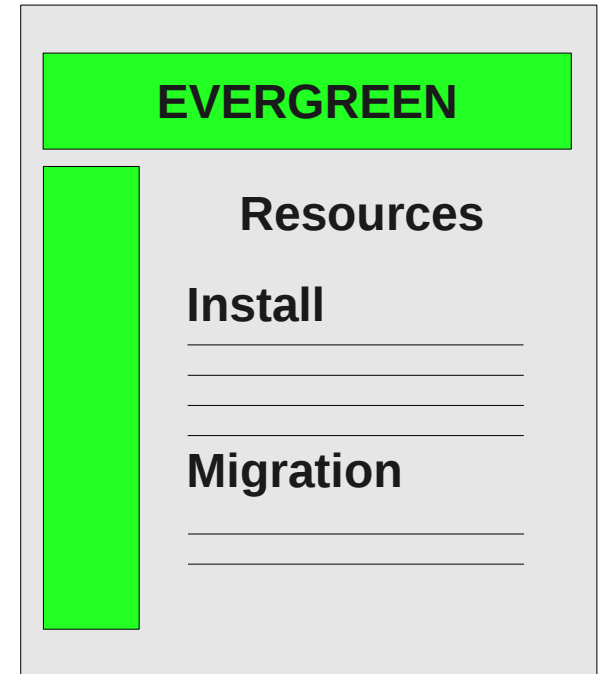

The diagram shows a website layout for 'Pages'. At the top is a green header with the text 'EVERGREEN'. Below the header is a vertical green sidebar on the left. To the right of the sidebar is the main content area, which starts with the heading 'About EG!' followed by seven horizontal lines representing text.

Pages

The diagram shows a website layout for 'Events'. At the top is a green header with the text 'EVERGREEN'. Below the header is a vertical green sidebar on the left. To the right of the sidebar is the main content area, which starts with the heading 'Event Calendar' followed by a 6x6 grid. Three green squares are placed in the grid at the following coordinates (row, column): (2, 2), (3, 4), and (4, 4).

Events

The diagram shows a website layout for 'Resources'. At the top is a green header with the text 'EVERGREEN'. Below the header is a vertical green sidebar on the left. To the right of the sidebar is the main content area, which starts with the heading 'Resources' followed by the heading 'Install' and three horizontal lines. Below that is the heading 'Migration' followed by two horizontal lines.
